CONSUMER UNITS & DEVICES

Introduction

The new range of Newlec consumer units are designed to help installers meet the high demands of the modern domestic installation.

The range includes new insulated and metal clad units that are designed for ease of installation with all round cable entries and extra wiring space.

The fantastic product choice includes all of the previous popular models such as the split load units plus some additional models designed especially with the 17th edition wiring regulations in mind, including high integrity and dual RCD boards.

The high integrity range also includes competitively priced units, supplied complete with MCBs.

INSULATED

METAL CLAD

- New modern curved style insulated and metal clad consumer units.
- Additional models for the 17th Edition i.e. high integrity and dual RCD models.
- Extended range of MCBs, RCBOs and RCDs.
- Designed for ease of installation:
 - All round cable entries.
 - Extra wiring space.
 - Raised DIN rail providing top and bottom cable routes.
 - Neutral and Earth terminals all at the top of the enclosure.
 - Full DIN rail allows easy mounting of DIN accessories and devices.
 - Quarter turn screw for quick release of the cover.

HIGH INTEGRITY INSULATED CONSUMER UNITS

HIGH INTEGRITY CONSUMER UNITS (MAIN SWITCH + 2 x RCD)

- 10 and 15 way.
- Variety of configurations for each board size (i.e MS+2, RCD+4, RCD+4).
- 100A main switch.
- 2 x 63A 30mA RCD.
- Insulated.
- Allows for some high integrity/independent circuits.
- Allows fitting of 1 Module RCBO.
- All round cable entries.
